

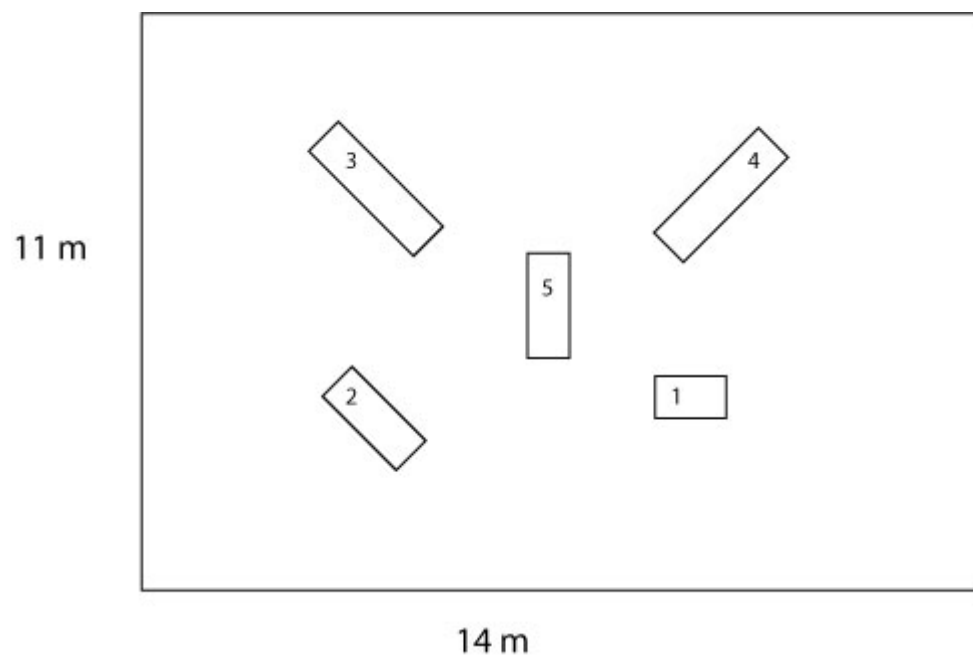

## Exhibition “Environment between Conflict and Cooperation”

Ideally the room requires an area of approx. 14 x 11 m for the exhibition components to be placed well. Visitors should be able to view each side of the exhibition walls at a distance of at least 1.80 m.

Wall 1: <b>Title / Introduction</b>	120 x 60 cm, height 240 cm
Wall 2: <b>Resources / Economies of violence</b>	180 x 60 cm, height 240 cm
Wall 3: <b>Climate / Water</b>	240 x 60 cm, height 240 cm
Wall 4: <b>Peacemaking / Conflict mitigation</b>	240 x 60 cm, height 240 cm
Wall 5: Multimedia-Rack: <b>EnvSec-Animation, Hotspot-Map, Film</b>	180 x 60 cm, height 180 cm

## COMPUTER HARDWARE

### **3 x Computer**

AMD XP 2500 or better

512 mb Ram

CD-Rom

Graphics card ATI Radeon 9600 or similar

System: Windows 2000 / Windows XP with administrator account

The computers are stood on the floor. Since lights are stood on the computers, the height of the computers should not be more than 20 cm.

**1 computer must be equipped with a soundcard and speaker** (external speaker is preferable)!

### **3 x TFT displays 19"**

## POWER SUPPLY FOR LIGHTING

Each wall will be illuminated with 4 – 8 lamps (max. 288 Watt).

The multimedia-rack needs power for 3 computers, 3 displays, and 1 speaker.
